To Whom It May Concern:

This letter is recommend Mr. Wills for any position in the field of the education. He has been able to come to North Shore High School 9th Grade Campus and teach a difficult class. Mr. Wills was able to provide a warm student centered learning environment. The knowledge he posses in his content is an asset to any program or campus. The delivery of instruction he gives his class is effective and allows students to grow academically.

He is very professional and extremely hard working. If I had a position available I would gladly make Mr. Wills a member of the North Shore Mustangs. If you have any questions or concerns please feel free to contact me at 832-386-3400.

Sincerely,

Araceli De La Cruz
Associate Principal
North Shore 9th Grade Center.
